BIRDIE GOLF LLC.

# YOUR WEB3 CADDY

The ambition behind **Birdie Golf LLC** is to bring the powers of Web3 to the game of golf to grow both industries. Our goal is to bring these two together with easy-to-use products like our Birdie Wallet, Birdie Token and Titus NFT's to unlock the wonders of Web3 into real life utility through the game of golf.

Due to the continuous and rapid growth of the Web3 technologies it's hard for some to understand and keep up with this new financial reality that can be beneficial over traditional finance options. We aim to combine the world of Web3 through its many utility-based products such as the Birdie Wallet, Birdie Token and NFTs as well as give golf enthusiasts everything they need to jump into the Web3 world. We offer many things in the web3 realm and we will continue to grow it's utility through the game of golf things **Birdie Golf LLC** offers.

- > Birdie Wallet "1st Tee" Web3 project launching services
  - > Smart Contract creation (ERC20,BEP20,POLYGON)
  - > Titus Collection NFTS
    - > Birdie Wallet
    - > Birdie Token 

Golf Digest reported alone that in 2019 Golf was an 86-billion-dollar industry in the United States alone, and this is growing even more. Few have been able to tackle and provide beneficial technologies to the golf space. **Birdie Golf LLC's** goal is to be a one-of-a-kind technological leader by bridging golf and Web3.

## FIRST TEE

BIRDIE GOLF LLC.

"Success in golf depends less on strength of body more on strength of mind and character."

Arnold Palmer.

At the beginning of a difficult task it is our attitude, more than anything else, that will affect its successful outcome. Birdie's team aims to create a healthy and synergetic ecosystem through its products so that every project will increase their chances in succeeding through guidance and support.

Birdie Golf offers Web3 services and privileges not only to its shareholders but also to any project that shares the same values
